Last Updated Saturday, 22 August 2009

This issue has been noticed with some users trying to access the Forum after Signing In at the Main Site. In case you click on the Forum link and are presented with a Blank Page that is because your Cookies are not configured properly. You can either try fixing that or just pressing refresh on your browser window. The Forum should be available to you after that. Thanks for Using the Site Administrator naldehragolf@gmail.com administrator@naldehragolf.com
